The Journal of Real Estate Research (JRER) has a new set of best paper awards. As you know, currently there are two best paper awards ($5,000 and $10,000) for papers published in JRER. In April 2007, the awards ($5,000 and $10,000) were given for two papers that were published in 2006.

For April 2011, the top award will be increased to US $25,000. This means that there will be three awards ($5,000, $10,000, and $25,000) for papers published in JRER during 2009 and 2010. However, the Editor (Ko Wang) reserves the right to extend the evaluation period for the three awards from 2009–2010 to 2009–2011. Again, the winners of the awards will be based on the votes of the JRER editorial board.

Please solicit (or send your) very best papers to JRER. Any paper accepted now will be eligible for the three awards, since it will be published in 2009 or later (2008 is full). Your efforts to make JRER a better journal are greatly appreciated.

The top two papers published in JRER for years 2007–2008 as determined by the editorial board of JRER are as follows:

$10,000 Prize
The 1998–2005 Housing Bubble and the Current Correction: What’s Different this Time?
William Wheaton and Gleb Nechayev

$5,000 Prize
The Pricing of Home Mortgage Loans to Minority Borrowers: How Much of the APR Differential Can We Explain?
Marsha Courchane
Legacy Awards
(US $25,000, $10,000, and $5,000)

The American Real Estate Society (ARES) has established three best paper awards for papers published in the Journal of Real Estate Research (JRER) in selected years. The first award is $25,000 (US), the second is $10,000 (US), and the third is $5,000 (US). The three awards will be determined by the votes of the JRER Editorial Board after the papers are published in the Journal. The three awards, ($25,000, $10,000, and $5,000) will be given for the first time either in 2011 (for papers published in 2009 and 2010) or in 2012 (for the papers published in 2009, 2010, and 2011). The exact year (2011 or 2012) will be determined later by the editor of the journal. For details on the selection process of the three awards, please visit, http://cbeweb-1.fullerton.edu/finance/jurnal/awards/default.htm.

In addition to these three awards, ARES also gives one $1,000 (US) best paper award for papers published in each calendar year. This $1,000 best paper award is selected based on the votes by all ARES members.
CALL FOR PAPERS

JOURNAL OF SUSTAINABLE REAL ESTATE

The American Real Estate Society announces a call for papers for a new journal, the Journal of Sustainable Real Estate. The objective of the JOSRE is to serve as an outlet for theoretical and empirical research on a broad range of topics on sustainable real estate-related topics, including but not limited to, green buildings and sustainable development, how standards are established and how they are measured, and how green buildings and sustainable developments are financed.

1. All papers will be subject to anonymous double blind review by practicing professionals and academicians.
2. Articles must be written to be understandable by institutional real estate investors; lengthy formulas and mathematics should appear in an appendix. Applied empirical studies will be given preference. Early submissions are greatly appreciated.
3. Style guidelines are available in the back of all JOSRE issues.
4. Submissions are preferred in MS Word or PDF format.
5. Manuscripts should be original, unpublished works not under publication consideration anywhere else.

Authors should submit their manuscripts to Norm Miller, the editor.

CALL FOR PAPERS

JOURNAL OF HOUSING RESEARCH

The American Real Estate Society announces a call for papers for the Journal of Housing Research (JHR). The objective of the JHR is to serve as an outlet for theoretical and empirical research on a broad range of housing related topics, including but not limited to, the economics of housing markets, residential brokerage, home mortgage finance and mortgage markets, and international housing issues.

All submitted manuscripts are subject to double-blind peer review by members of the journal’s Editorial Board and other real estate scholars and professionals. Electronic submissions are strongly encouraged, either as email attachments, CD-ROM or disk. Preferable word processing format is as a PDF or Microsoft Word file. Paper submissions require four copies of the manuscript. The JHR style is similar to the Journal of Real Estate Research (see www.aresnet.org or a copy of the journal for a style guide). Final revisions must be in Word, WordPerfect or other acceptable word-processing program.

Manuscripts should be original, unpublished works not under publication consideration anywhere else. Interested authors should contact or submit manuscripts to:

Call for Papers

Journal of Real Estate Practice and Education

The American Real Estate Society announces a Call for Papers for the Journal of Real Estate Practice and Education (JREPE). The purpose of the JREPE is to motivate research in real estate practice and education and encourage excellence in teaching. It provides a basis for the exchange of innovative opinions and research results among real estate practicing professionals, educators and researchers internationally.

The goal of the Journal is to make a significant advancement in the teaching and learning of real estate practice and education. The contributions from its content will provide an essential source of information on the teaching of real estate and become critical to the understanding of practice and education in the real estate area.

Manuscripts are solicited and encouraged in the following areas:

Practice: Innovations and experiments in all aspects of practice including training and teaching techniques (hardware, materials, technology and methods).

Education: Original empirical and theoretical papers on the evaluation of pedagogy methods, practice, attitudes, materials and learning methods in industry and academia.

Subject Matter: Substantive issues and/or research results that influence the body of knowledge and course content (practice and academia).

Special Features: Special topics such as significant events, curriculum developments, and special surveys.

Four hard copies of the manuscript should be submitted along with an electronic file in Microsoft Word or WordPerfect 6.0. Editorial guidelines printed in a current issue of the Journal of Real Estate Research should be followed. The JREPE is published biannually.

Interested authors should contact or submit manuscripts to:

EDITORIAL POLICY and SUBMISSION GUIDELINES

Journal Objectives
The *Journal of Sustainable Real Estate* (JOSRE) is an official publication of the American Real Estate Society (ARES). JOSRE is committed to publishing the highest quality analytical, empirical, and clinical research that is useful to business decision-makers in the fields of real estate development, economics, finance, investment, law, management, marketing, secondary markets, and valuation. Theoretical papers that fail to provide testable or policy implications are discouraged. Data used in empirical research must be thoroughly documented and sufficient details of computations and methodologies must be provided to allow duplication. Authors are encouraged to provide data (at a reasonable cost) for replication purpose should such a request arise.

The Editorial Board of JOSRE is interested in expanding the frontiers of scholarly real estate research and is willing to work with any potential author who is developing new and exciting ideas. Please visit http://www.josre.org for the most up-to-date information on the Journal.

Review and Publication Policies
The Editor reads each submitted manuscript to decide if its topic and content of the paper fit the objectives of JOSRE. Manuscripts that are appropriate are assigned anonymously by the Editor to one member of the Editorial Board and at least one other reviewer. The Editor makes the final decision regarding re-submissions. Upon receiving a re-submission, the Editor determines whether or not the manuscript should re-enter the reviewing process, be accepted or simply be returned.

The Editor determines the publication schedule for accepted manuscripts. As a general rule, the Editor attempts to “balance” the topics covered in any one issue. Consequently, the Editor may choose the articles to be included in a given issue from among those already accepted for publication. This general rule will be set aside should the Board of Directors decide to do so, such as in the case of a special issue devoted to a single topic.

Submission Requirements
Authors should submit a manuscript that is double-spaced and paginated. The cover page, which will be removed before the manuscript is sent to a reviewer, should contain: the title, all authors and their affiliations (mailing addresses), phone and fax numbers, and email addresses. Except for the cover page, all pages should be numbered consecutively. Submitted manuscripts should be original research, and the names appearing on the manuscript should be that of the individuals who conducted the research. The manuscript should not be under review simultaneously at another journal nor substantially resemble those that are under review at another journal. Upon acceptance, ARES automatically owns the copyright of the manuscript. The transfer of copyright will ensure the widest possible dissemination of information.

Submission via email is strongly encouraged. Except for the final version, manuscripts can be submitted via email in Word® or PDF® file formats to nmiller@sandiego.edu. Submitted papers will be sent to reviewers via email, whenever feasible. For manuscripts submitted via email, the expected turnaround time is eight weeks. For hard copy submissions, the expected turnaround time is twelve weeks. Upon acceptance, authors will have to submit a PC-compatible disk containing the file of the manuscript, four style-correct hard copies and a signed release form. The Editor does not accept responsibility for damage or loss of submitted papers.
Articles and correspondence can also be directed to:

Abstract  
An abstract of not more than 100 words is required.

Headings  
Primary, secondary and tertiary heading should be indicated by numbering or in outline fashion (i.e., I, II, A, B, i, ii, etc.). Such outlining/numbering is for editorial purposes only and will not appear in print.

Summary  
Each manuscript should include at the end of the text, a non-technical summary statement of the main conclusions.

Exhibits  
Illustrations must be titled and numbered consecutively as exhibits with Arabic numbers. Please check that the text contains a reference to each exhibit. Verify that all numerical amounts add up to totals shown in the tables and that significant digits are rounded to no more than 2 or 3 numbers. All figures need to be sharp, clear and laser-quality. **Exhibits in the final version must not be in color.**

Mathematical Proofs, Equations  
Lengthy mathematical proofs and extensively detailed mathematical tables should be placed in an appendix (or omitted entirely) and every effort should be made to explain the proofs. Equations should be placed on a separate line, centered and numbered consecutively at the right margin.

Endnotes  
Endnotes in the text must be cited consecutively. They should be double-spaced and appear on a separate page. Avoid numerous and lengthy endnotes.

References  
References must be presented alphabetically by the last name of the author and be double-spaced. References must be dated, and the citations in the text must agree. Only those references cited within the text should be included. The references must fit the following format:

Acknowledgment  
Authors may include a brief acknowledgment. It should appear after the references.

Special Note  
Authors are strongly advised to review a recent issue of the *JOSRE* to confirm that their manuscript is in the style the Journal requires. For nonmembers, a submission fee of $135 is required (one year’s Academic Membership dues).
